## *The Principal Speaks .....*

*It's both my pleasure and privilege to welcome the students aspiring to park their academic dream in Cachar College.*

*College is a centre of higher education and excellence where students admit themselves with high expectation. Students are both the inputs and output of a higher education institute. The introduction of the National Education Policy 2020 in the State colleges from the oncoming academic session will surely usher in a transformative beginning. Migration to the learner-centric pedagogy across the country will make the students not only beneficiaries of the paradigm shift, but, more than that, will make them more responsible to take care of their career and academic accomplishment.*

*Cachar College ranks among the reputed academic institutions of Assam offering programmes and courses across broad disciplines of natural sciences, social sciences, humanities and commerce and management. Located in the artery of Silchar, the second largest urban conglomeration in Assam, Cachar College is a must go destination for higher education in liberal disciplines.*

*We yearn for the footfalls of young Indians on this campus that assures them a pleasant stay and excellent academic ecosystem.*

Sri Ratan Kumar Das  
Principal i/c  
Cachar College, Silchar

## VISION

**INSTITUTIONAL MOTTO: "Tomoso Ma Jyotirgomoyo";**

**(Meaning: Let there be light of Wisdom, removing the darkness of Ignorance)**

Deeply influenced and inspired by this institutional motto, Cachar College has completed more than six decades of its glorious journey and fulfilled the aspirations of people of Cachar district in particular and Southern Assam in general. However, with changing structures and policies of higher education in India, this institution has been striving continuously to

- Impart quality education to its aspirants of all disciplines and to sustain its past glory.
- Develop enlightened and intellectually competent human resource through its endeavour to imbibe moral, ethical and spiritual values and discipline.
- Ensure enough flexibility in order to accommodate newer learning opportunities in a rapidly changing world.
- Recruit potential human resources and engage all of them towards institutional growth and development to achieve higher goals.
- Earn recognition as Potential Centre of Higher Learning in India through its academic pursuits.
- Devote all its resources in the development of skill-empowered and socially dedicated younger generations in the service of mankind.

## MISSION

- Cachar College was set up in 1960 with a defined objective: "Socio-economic uplift of the victims of the unfortunate partition who had been evicted from their home and heart from across East Pakistan".
- So, the College was conceptualized as a destination of higher education for the students from these refugee families.
- Right from the beginning, the builders of this institution resolved that Cachar College would never run after elitist identity. The College management down the years has always strived to reach out to the most deprived sections of the society in imparting higher education.
- The College has set agenda to cater to the demand for higher education from the socially and economically disadvantaged strata of the society located over a large and diverse geographical jurisdiction.
- The College is making relentless efforts to augment its infrastructure with an eye on the present needs and future demand in order to cope with the transformative changes of higher education in the country.
- The College has constantly kept up its mission to aspire and strive for excellence in education by developing and honing the intellectual and human potential of the learners for the good of society and of the stakeholders.

## TWO-YEAR HIGHER SECONDARY PROGRAMME
