Celebration of World Environment Day 2024 (07/06/24)	76
Participation in National/State level NSS Youth Fest	80
Participation in Drama Competition & Quiz Competition on AIDS Awareness	83
NSS Special Camp 2024	89
Conferral of NSS Certificates	120

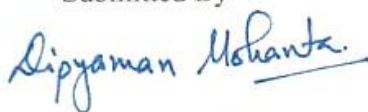

DECLARATION

The report titled "**Annual Report on NSS Regular Activities and Special Camp 2023–2024**" is hereby declared to be a true and authentic record of the various programs and activities carried out by the **National Service Scheme (NSS) Unit of Cachar College, Silchar**, during the academic year 2023–2024.

This report has been prepared based on the regular activities and the special camp conducted under the National Service Scheme, in accordance with the guidelines issued by the NSS Cell, Assam University, and the Ministry of Youth Affairs & Sports, Government of India. The activities documented herein were undertaken with the active involvement of NSS volunteers, under the supervision of the Programme Officer, and with the guidance and approval of the Principal of Cachar College.

The report is being submitted to the Principal, Cachar College, Silchar, for kind perusal and necessary approval.

INTRODUCTION

The National Service Scheme (NSS) Unit of Cachar College, Silchar, continues to uphold its unwavering commitment to social responsibility, community engagement, and nation-building through a range of impactful activities throughout the academic session. Rooted in the ethos of *“Not Me, But You,”* the NSS Unit functions as a vibrant platform for students to grow as socially conscious and responsible citizens.

In alignment with the vision and mission of Cachar College—which aims to foster holistic development, civic engagement, and environmental awareness among its students—the NSS Unit has undertaken several activities throughout the year. These include awareness campaigns, health initiatives, cleanliness drives, environmental activities, and voter awareness, all designed to instill values of discipline, service, and collective responsibility.

The unit has been actively involved in mobilizing volunteers for tree plantation drives, patriotic campaigns, blood donation camps, cleanliness drives, environmental awareness events, and health outreach activities. Participation in youth festivals and educational competitions has further contributed to the personal and social development of the volunteers.

The Annual Special Camp served as a cornerstone of experiential learning, where volunteers engaged with the community, identified local issues, and contributed to sustainable development initiatives. These collective efforts not only strengthened the volunteers' sense of purpose and empathy but also reinforced the college's commitment to academic excellence blended with meaningful social outreach.

Through all its activities, the NSS Unit of Cachar College continues to work in close alignment with institutional goals—promoting inclusivity, social justice, and service to the nation.

ENROLLMENT DRIVE

An Enrollment Drive was successfully conducted by the NSS Unit of Cachar College on 15th October 2023, marking the beginning of a new cycle of service, leadership, and learning. As part of this drive, 100 new volunteers were formally enrolled through the My Bharat Portal, the national digital platform dedicated to youth engagement and volunteerism.

During the session, a detailed familiarization with the My Bharat Portal was provided to all participants. Volunteers were guided step-by-step through the portal's registration process, features, and functionalities. Emphasis was laid on how the portal serves as a vital tool for accessing information about nationwide campaigns, upcoming opportunities, and recognition of volunteer contributions.

The session also served as a motivational orientation, where the values and objectives of the National Service Scheme were explained. Volunteers were inspired to see NSS not merely as a college-level activity, but as a lifelong commitment to social service and nation-building. The Programme Officer highlighted the transformative impact of active NSS involvement on a student's personal growth, social responsibility, and leadership potential.

The enrollment drive concluded with a strong sense of enthusiasm among the new volunteers, who expressed eagerness to contribute meaningfully to the initiatives of the NSS Unit. This event laid a strong foundation for their active participation in the regular and special activities planned for the academic year, reinforcing the spirit of community service that lies at the heart of Cachar College's vision.

Number of Students Participants (A) (attach attendance sheet)	39
Number of Teaching/ Nonteaching Staff Participants (B) (attach attendance sheet)	03
Total Number of Participants (A+B)	41
Source of Fund (if any)	College Fund
Photographs (Geotag)	Enclosed
Newspaper Cutting	Not Published

About the Event:

The NSS Unit of Cachar College, Silchar, successfully organized a plantation drive on the college premises to mark the closing ceremony of "Azadi Ka Amrit Mahotsav" under the "Meri Maati Mera Desh" campaign. The event took place with active participation from NSS volunteers, NCC cadets, and students, reflecting their enthusiasm for national service and environmental sustainability.

During the program, the participants took the "Panch Pran" pledge, holding soil ("Maati") in their hands, symbolizing their connection to the nation. Through this pledge, they committed to contributing to the nation's growth, promoting unity, and safeguarding the environment.

As a mark of this commitment, saplings were planted across the college campus. The plantation drive served as a reminder of the collective responsibility to create a sustainable future while enhancing the natural beauty of the college grounds.

Following the plantation drive, the event continued with the "Har Ghar Tiranga" campaign. NSS volunteers actively distributed the national flag (Tiranga) to nearby households, encouraging people to display the flag as a symbol of pride and unity. This campaign strengthened the patriotic spirit and reinforced the values of the "Azadi Ka Amrit Mahotsav" celebrations.

About the Event:

On the occasion of World Mosquito Day 2023, the NSS Unit of Cachar College, in collaboration with the National Centre for Vector-Borne Disease Control (NCVBDC), Cachar, organized a quiz competition aimed at creating awareness about mosquito-borne diseases. The event was held with great enthusiasm and was graced by the presence of Dr. M. Barbhuiya, Chief Medical & Health Officer, Cachar, and Dr. Sumona Naiding, Zonal Malaria Officer, Cachar, who attended as the Chief Guests.

The programme commenced with a welcome speech by Dr. Dipyaman Mohanta, Programme Officer of the NSS Unit, Cachar College. Highlighting the significance of the event, Dr. Mohanta emphasized the importance of awareness about mosquito-borne diseases, which pose a serious public health challenge.

A total of 30 participants, forming 10 teams, competed in the quiz. The competition was conducted by Mr. Birupakshya Paul Choudhury, Assistant Professor, Department of Zoology, Cachar College, Silchar. The quiz featured rounds designed to test participants' knowledge about various mosquito-borne diseases, their prevention, and control measures.

The winners of the competition were:

1. First Position:

- Ralngamkim Halam (3rd Semester, Arts)
- Enzoy Molsom (3rd Semester, Arts)
- Melody Chorei (3rd Semester, Arts)

2. Second Position:

- Kuldeep Paul (3rd Semester, Science)
- Kajal Das (3rd Semester, Science)
- Birbay Das Choudhury (3rd Semester, Science)

The winners were awarded prizes and certificates in recognition of their performance. Following the quiz, an awareness lecture on mosquito-borne diseases was delivered by the Chief Guests, Dr. Barbhuiya and Dr. Naiding. They elaborated on diseases such as malaria, dengue, and chikungunya, their transmission, and preventive measures to curb their spread.

About the Event:

The National Service Scheme (NSS) Unit of Cachar College, Silchar, organized a plantation drive as part of the "Amrit Brikshya Abhiyan," demonstrating commitment to environmental conservation and sustainability. The event took place on the college campus with enthusiastic participation from NSS volunteers.

As part of the initiative, the volunteers planted 50 saplings across the campus, contributing to the college's green cover. During the program, the participants also took a pledge to conserve and nurture plants, highlighting their dedication to environmental conservation.

In addition to the plantation drive, the volunteers actively participated in a campus cleanliness drive. This effort aimed to promote cleanliness and hygiene within the college premises, aligning with the broader goals of creating a sustainable and eco-friendly environment.

The combined activities of the day reflected the NSS unit's commitment to fostering a sense of responsibility among students towards nature and community well-being.

The event concluded on a positive note, with the NSS Unit expressing gratitude to all the participants for their contributions in making the program a success.

About the Event:

To mark the celebration of NSS Day 2023 the NSS Cachar College Unit in association with the Lions Club of Silchar Scholars successfully organized voluntary blood donation camp 22nd September 2023 at Cachar College, Silchar. The event was aimed at fostering awareness about the significance of blood donation among the youth of the college and to make a collective effort to make a difference in the lives of those in need.

Suprava Rajkumari Sinha, the President of the Lions Club of Silchar Scholars, addressed the students and emphasized that blood donation is an act of compassion and love. It's a simple yet profound gesture capable of saving countless lives.

Teachers and students of Cachar College actively participated in the blood donation camp, with a total of 23 individuals generously donating blood. The medical team from the S.M. Dev Civil Hospital Blood Centre, led by Washim Zabeed Choudhury, tirelessly worked throughout the event, contributing significantly to its success.

This blood donation camp also aligns with the Seva Pakhwada initiative under the Ayushman Bharat Campaign, underscoring its broader impact on healthcare and community welfare.

The collage consists of six photographs documenting a voluntary blood donation camp. The top-left photo shows a group of people, including medical staff in white coats, gathered around a table. The top-right photo shows a donor lying on a bed while a medical professional attends to them. The middle-left photo shows a donor lying on a bed with a medical professional standing by. The middle-right photo shows a donor lying on a bed with two medical professionals. The bottom-left photo shows a donor lying on a bed with a medical professional. The bottom-right photo shows a donor lying on a bed with several people, including medical staff, around them. The background of the photos features banners for the 'Celebration of NSS Day, 2023' and 'Voluntary Blood Donation Program' organized by the 'NSS Cachar College Unit' and 'Lions Club of Silchar Scholars'. A banner for 'Lions International District 3226' is also visible. The location is identified as Silchar, AS, India, with coordinates 24.831561, 92.799323. The text 'Note : Captured by GPS Map Camera' is present in the bottom-right corner of the collage.

রক্তদান শিবিরের মাধ্যমে এনএসএস দিবস উদযাপন কাছাড় কলেজে

যুগশঙ্কু প্রতিবেদন
শিলচর। ২২ সেপ্টেম্বর

যুবাদের মধ্যে রক্তদানের তাৎপর্য সম্পর্কে সচেতনতা বৃদ্ধির লক্ষ্যে লায়ল ক্লাব অব শিলচর স্কলারের সহযোগিতায় এনএসএস কাছাড় কলেজ ইউনিট একটি সফল রক্তদান শিবিরের আয়োজন করল শুক্রবার।

এনএসএস কাছাড় কলেজের প্রোগ্রাম অফিসার ড. দীপ্যমান মোহন্ত শিবিরের প্রাথমিক উদ্দেশ্য ব্যক্ত করেন। যার উদ্দেশ্য ছিল কলেজের যুবাদের মধ্যে রক্তদানে উৎসাহিত করা ও এ নিয়ে সচেতনতা বৃদ্ধি। তিনি বলেন, মূলত এনএসএস দিবস উপলক্ষেই কাছাড় কলেজ ইউনিট এদিন এই রক্তদান শিবিরের আয়োজন করেছে।

লায়ল ক্লাব অব শিলচর

স্কলারের সভাপতি লায়ন সুপ্রভা রাজকুমারী সিনহা শিক্ষার্থীদের উদ্দেশ্যে ভাষণ দেন। তিনি বলেন, রক্তদান একটি মহৎ এবং ভালবাসার কাজ। এটি একটি সহজ অথচ গভীর অর্থবহ উদ্যোগ যা অগণিত জীবন বাঁচাতে সক্ষম।

কলেজের শিক্ষক-শিক্ষার্থী সকলেই এই রক্তদান শিবিরে

সক্রিয়ভাবে অংশগ্রহণ করেন। এদিন মোট ২৩ জন স্বেচ্ছায় রক্তদান করেন। শিবির সফল করতে সহযোগিতার হাত বাড়িয়ে দেয় এসএম দেব সিভিল হাসপাতালের ব্লাড সেন্টার। মেডিক্যাল টিমের নেতৃত্বে ছিলেন ওয়াশিম জাবেদ চৌধুরী।

এই রক্তদান শিবিরটি আয়ুত্থান

ভারত অভিযানের অধীনে সেবা পক্ষেই একটি অঙ্গ। সফল ইভেন্টটি শুধু সেবা মানসিকতাই তুলে বয়েনি বরং সমাজের জন্য একটি অনুপ্রেরণাদায়ক উদাহরণও স্থাপন করেছে যা সমাজের উন্নতিতে সক্রিয়ভাবে অবদান রাখার ক্ষেত্রে যুবাদের গুরুত্বপূর্ণ ভূমিকার ওপর জোর দিয়েছে।

NSS REGULAR ACTIVITY 05

Name of the Event	“Ek Tareekh Ek Ghanta” under “Seachhata Hi Seva” Campaign
Organised by	NSS Cachar College, Silchar
Date, Time & Venue of the event	Date: 1 st October, 2023 Time: 10:00 AM Venue: Cachar College, Silchar
Name & Designation of Chief Guest/ Invited Speaker/ Resource Person (if any)	
Activities	1. Campus Cleanliness Drive
Number of Students Participants (A) (attach attendance sheet)	33
Number of Teaching/ Nonteaching Staff Participants (B) (attach attendance sheet)	8
Total Number of Participants (A+B)	41

About the Event:

The NSS Unit of Cachar College, in collaboration with the Yuva Tourism Club, Cachar College, organized a campus cleanliness drive “**Ek Tareekh Ek Ghanta**” Shramdan as part of the “**Swachhata Hi Seva**” Campaign. This event witnessed enthusiastic participation from teachers, students, and NSS volunteers, who collectively contributed to enhancing the cleanliness of the campus.

The initiative aimed to foster awareness about cleanliness and instill a sense of responsibility towards maintaining a clean and sustainable environment. Participants dedicated an hour of their time to cleaning various areas within the college premises, emphasizing the importance of collective action in achieving significant environmental goals.

The drive served as an opportunity to inspire individuals to adopt cleanliness as a part of their daily lives, reflecting the principles of the Swachh Bharat Abhiyan. It also highlighted the role of youth in creating a cleaner and healthier nation.

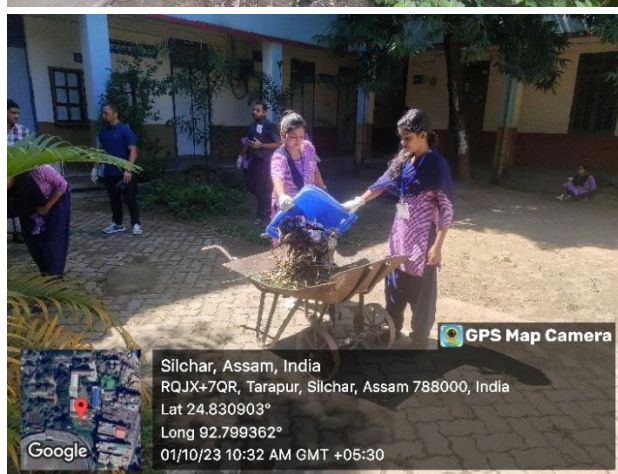

The event concluded with a short reflection session where participants shared their experiences and pledged to continue their efforts in keeping their surroundings clean.

About the Event:

The NSS unit of Cachar College, Silchar, actively participated in the "Mera Pehla Vote Desh Ke Liye" campaign launched by Ministry of Education in collaboration with Ministry of Youth Affairs and Sports by organizing Voters Awareness Program on 4th March 2024 at Cachar College, Silchar. Dr. Sudip Kumar Das, Principal in-charge, Cachar College, Silchar underscored the significance of voting, elucidating the importance of making informed choices and understanding the electoral process. He emphasized the pivotal role elections play in strengthening democracy. Additionally, Mr. Kiriti Bhushan Dey, Associate Professor, Cachar College Silchar and Cluster-Level Master Trainer from the District Administration, Cachar, provided hands-on training on the operations of Electronic Voting Machines (EVMs) and Voter Verifiable Paper Audit Trails (VVPATs), addressing various queries raised by the students regarding EVMs.

NSS volunteers took the initiative to leverage social media platforms for spreading awareness about the importance of voting. Pledges were taken by the volunteers to uphold this crucial civic duty. They created informative short videos to disseminate awareness and shared them across social media channels. Additionally, a designated selfie point was set up, encouraging students to capture moments and share them on social media platforms to further amplify the message.

About the Event:

The National Service Scheme (NSS) Cachar College unit in association with Lions Club of Silchar Ananta & Choudhury Eye Hospital and Research Centre organized Eye Screening Camp at Masughat, the adopted village of Cachar College, Silchar. The camp, aimed at addressing the prevalent issue of vision difficulties among villagers, witnessed an overwhelming response. Patients diagnosed with cataracts and other vision difficulties were advised to undergo treatment and free cataract surgery at Choudhury Eye Hospital and Research Centre, Silchar. Approximately 60 villagers have turned up for eye screening. The NSS volunteers actively participated in overseeing the arrangements and helping villagers wherever required.

The initiative received cooperation from the Lions Club of Silchar Ananta, led by S. B. Dutta Choudhury and Rita Chakraborty, who collaborated with the medical team of Choudhury Eye Hospital and Research Centre to set up the camp.

Among the senior teachers of Cachar College, Sudip Kumar Das and Kiriti Bhushan Dey were also present in the camp and emphasized the significance of community engagement and social service among the youth. The medical team was led by Dr. Rishu Kumari, Dr. Rahul Yadav, and Priyom Choudhury.

PARTICIPATION IN NATIONAL/ STATE LEVEL YOUTH FEST

The NSS Unit of Cachar College takes immense pride in the enthusiastic participation of its volunteers in various national and state-level competitions and youth festivals during the session, which have immensely contributed to their personal and professional growth.

Adolf Lalrameng Hmar and **Reshmi Begam Laskar** attended the *Yuva Samvad* and *Yuva Fest* organized by the NSS Cell, Assam University On 30th January 2024, which deepened his understanding of youth-led development and volunteerism. Later, **Adolf Lalrameng Hmar** along with **Birbal Das** represented the college in the *7th North East Youth Festival 2024* at Agartala, Tripura from 26th to 29th February 2024, where their active participation in the *Youth Convention* and *Suvichar* sessions exposed them to diverse ideas and perspectives.

Subsequently, **Prosen Bakti** represented the NSS Cachar College at the *North East NSS Festival 2024* held at the Art and Culture Complex, Berawtlang, Aizawl, Mizoram from 2nd to 6th April 2024, gaining valuable exposure to cultural diversity and teamwork.

Participation in these prestigious platforms not only enhanced the students' leadership qualities, confidence, and communication skills but also broadened their horizons, instilled the values of unity, service, and cultural harmony, and inspired them to contribute more actively to the cause of community service and national integration.

PARTICIPATION IN DRAMA COMPETITION & QUIZ COMPETITION ON AIDS AWARENESS

The volunteers of NSS Cachar College Unit participated in a Drama Competition organized by the NSS Cell, Assam University Silchar, in collaboration with the Assam State AIDS Control Society at Bipin Chandra Pal Seminar Hall, Assam University on 19th October 2023. The team presented an engaging performance on AIDS awareness under the leadership of **Susmita Roy and Swarnadeep Bhadra**, with active participation from **Jit Deb, Sazmin Aktar Bar, Adolf Lalrameng Hmar, Nazmina Begam Barbhuiya, A. Yaikhombi Singha, and Amisha Hrangkhohol**. Also, **Rabi Kurmi** and **Bishal Gowala** represented Cachar College as a team in the State Level Red Ribbon Quiz Competition, organized by the Assam State AIDS Control Society on 13th December 2023 at Cotton University, Guwahati, where they secured the 7th position.

About the Event:

The NSS Unit of Cachar College successfully organized a 7-Day Special Camp aimed at fostering social responsibility, community engagement, and holistic development among its volunteers. Throughout the week, the volunteers actively participated in a series of impactful activities designed to serve the community and raise awareness on pressing social issues. The camp featured a **Cloth Donation Drive** to support the underprivileged, a **Street Play on Voter Awareness** to encourage responsible democratic participation, and **Community Service through Education** to empower young learners. Volunteers also conducted a **door-to-door survey on health, hygiene, and wellness**, along with **water collection and testing of drinking water sources in Masughat**, ensuring awareness about safe water practices. To promote cleanliness and sustainability, the camp included a **Cleanliness Drive** and a **Plantation Drive**, reinforcing the values of environmental protection. These diverse initiatives not only benefitted the local community but also enriched the NSS volunteers with practical experiences of teamwork, leadership, and service to society.

Ripjaman Mchanta .

Programme Officer

NSS, Cachar College Unit

Briefing Session of the Special Camp

Daily Activities during Special Camp

Day 1: Community Service through Education – Empowering young learners with knowledge and guidance, bridging the gap in rural education.

The Special Camp began with the active voluntary engagement of NSS volunteers in community-based teaching and awareness activities. As part of this initiative, the volunteers visited **836 No. Afar Lower Primary School, Dudhpatil**, where they interacted warmly with the students and conducted interactive sessions on essential life skills. They sensitized the children about personal hygiene, health practices, and the important concept of ‘good touch and bad touch,’ ensuring that the message was conveyed in a child-friendly and effective manner.

To further encourage creativity and participation, the volunteers organized an art competition, which received enthusiastic responses from the students. Prizes were distributed to the winners, bringing joy and motivation to the young participants. The program not only provided the students with valuable knowledge and memorable experiences but also offered the NSS volunteers an opportunity to connect with the rural community and witness the impact of their efforts firsthand.

This engagement at the grassroots level enabled the volunteers to develop a sense of social responsibility and realize the pivotal role they can play in fostering educational growth, spreading awareness, and contributing to the holistic development of society.

Day 2: Street Play for Voter Awareness – Engaging performances by NSS volunteers to inspire responsible citizenship and strengthen democratic participation.

On the second day of the Special Camp, NSS volunteers presented an engaging street play at the Community Centre of Masughat village. The performance creatively highlighted the significance of casting one's vote and emphasized the collective responsibility of citizens in sustaining an active and vibrant democracy. Conducted just ahead of the 2024 Lok Sabha elections, this innovative initiative served as an effective medium to spread voter awareness among the villagers. The impactful message of the play resonated strongly with the audience, encouraging them to exercise their democratic right responsibly.

The street play was recorded and uploaded on YouTube, thereby extending its reach beyond the local community and enabling a wider audience to benefit from the awareness initiative. The video can be accessed at: <https://www.youtube.com/watch?v=3faFRQlkW04>

Day 3: Spreading Warmth through Cloth Donation Drive – Extending a helping hand to the underprivileged by distributing clothes with compassion and care.

The NSS Cachar College, Silchar in association with NCC Cachar College, organized a clothing collection drive on the college campus from 6th to 12th February 2024. A total of 27 donors, comprising both teachers and students, contributed clothing items, which were carefully arranged and packed by the volunteers. The drive successfully collected over 300 items of clothing. In addition, Cachar College Employees' Thrift and Amenities Co-operative Ltd. extended their support by donating around 70 new clothing items to this noble initiative.

Subsequently, on the third day of the NSS Special Camp held on 6th March 2024, the collected clothing was distributed among the villagers of Masughat. Through this effort, 115 villagers benefitted from the cloth donation drive, reflecting the spirit of service and social responsibility upheld by the NSS Unit.

The video of cloth donation drive can be accessed at:

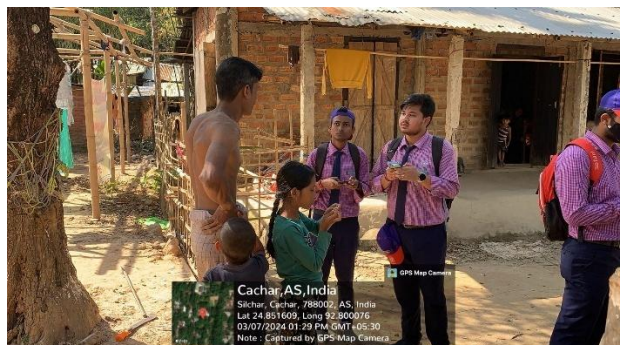

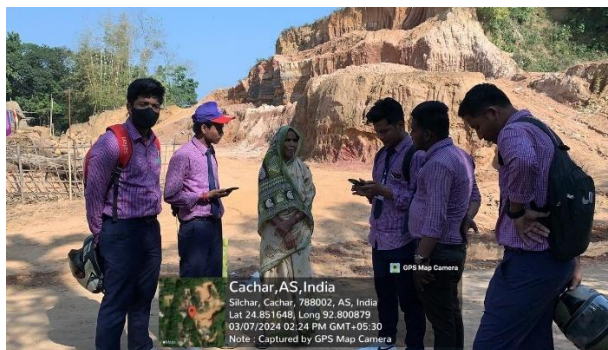

https://www.youtube.com/watch?v=fmEqR_sActE

Day 4: Health & Wellness Awareness Survey – Conducting door-to-door interactions to promote hygiene, healthy practices, and community well-being.

On the 4th day of the special camp, NSS volunteers conducted door-to-door community survey at Masughat, the adopted village of Cachar College, Silchar. The primary objectives included comprehensive community assessment to understand the socio-economic profile, educational status, health conditions, and infrastructure availability in the village. A total of 39 families were surveyed and engaged in discussions regarding their socio-economic status, education, health, hygiene, availability of drinking water, infrastructure, and awareness of government schemes. The collected data was subsequently analyzed for further insights

The survey methodology aligned with NSS's participatory approach to rural development, ensuring that student volunteers gained direct exposure to village realities while simultaneously gathering data for evidence-based intervention planning. The baseline data collection objective ensures sustainable follow-up activities during subsequent NSS camps, creating a foundation for longitudinal community development initiatives.

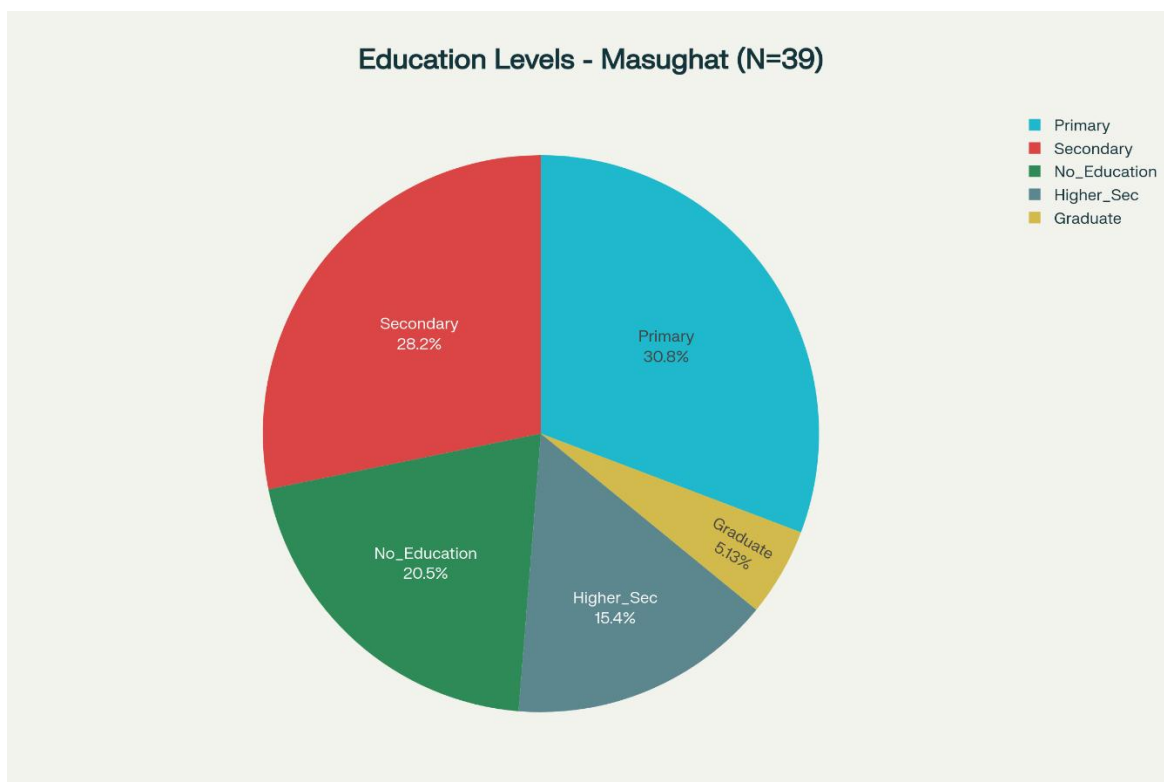

Analysis of the data obtained from the survey

1. Demographics and Socio-Economic Profile

The survey revealed a balanced gender distribution with 20 male (51.3%) and 19 female (48.7%) respondents, reflecting relatively equitable participation across gender lines. The age distribution showed 38.5% of respondents in the 31-45 age group, 30.8% in the 18-30 category, 20.5% in the 46-60 range, and 10.3% above 60 years, indicating a predominantly working-age population. Marital status analysis revealed 71.8% married individuals, 15.4% unmarried, 10.3% widowed, and 2.6% divorced, typical of rural demographic patterns.

The educational profile presents both challenges and opportunities: while 79.5% of respondents have some level of education, 20.5% (8 individuals) remain completely uneducated. Educational distribution shows 30.8% with primary education, 28.2% with secondary education, 15.4% with higher secondary education, and only 5.1% with graduate-level education. This pattern reflects broader rural education challenges in Assam, where educational attainment decreases significantly at higher levels.

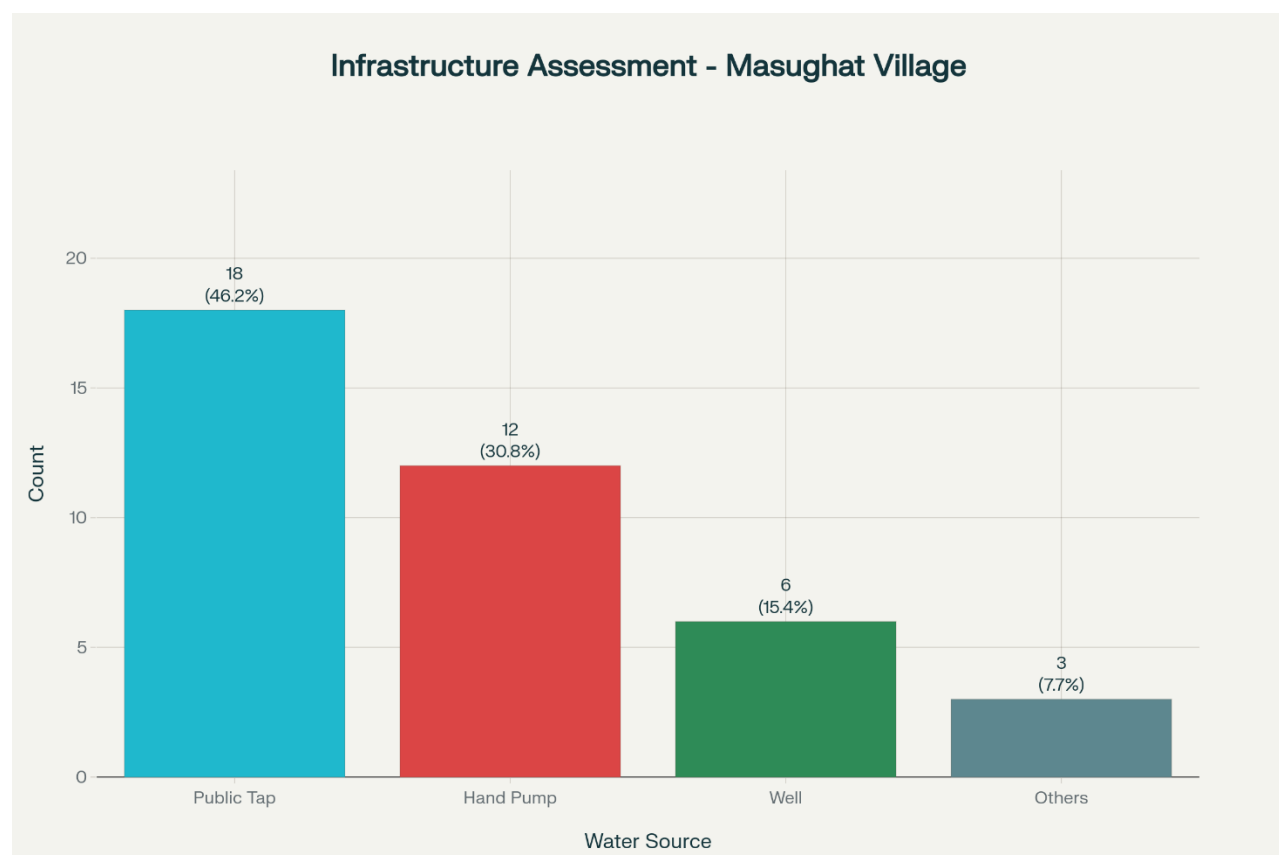

Employment patterns indicate 64.1% employment rate, with agriculture dominating the occupational landscape at 48% of all employed individuals. Daily labor constitutes 32% of employment, small businesses account for 12%, and government jobs represent only 8% of employment. This employment structure underscores the village's dependence on primary sector activities and informal labor markets, characteristic of rural economies across Assam.

2. Infrastructure and Basic Services Assessment

Water supply infrastructure analysis reveals mixed access patterns with 46.2% of households relying on public taps, 30.8% using hand pumps, 15.4% depending on wells, and 7.7% accessing other sources. This distribution indicates significant progress in rural water supply, likely reflecting the impact of government initiatives like the Jal Jeevan Mission. However, the continued reliance on traditional sources like wells and hand pumps suggests ongoing challenges in achieving universal piped water access.

Sanitation facilities show remarkable improvement with 82.1% of households having access to proper toilet facilities, while 17.9% still lack adequate sanitation infrastructure. This high coverage rate reflects the success of sanitation campaigns and schemes like Swachh Bharat Mission, though the remaining gap indicates need for continued focus on universal sanitation coverage. The household size distribution shows 56.4% of families have 4-6 members, 23.1% have 7 or more members, and 20.5% have 1-3 members, indicating predominance of nuclear to joint family structures.

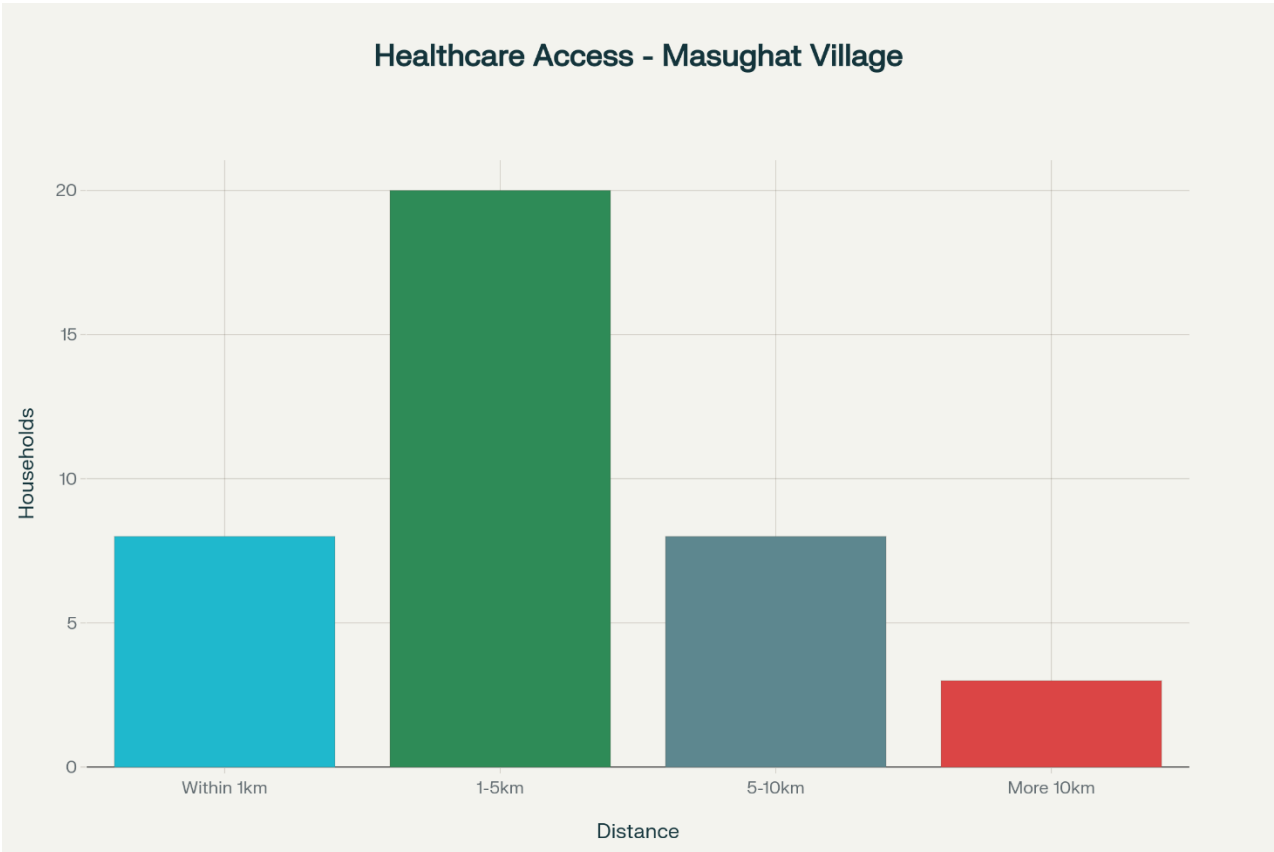

3. Health and Healthcare Access Patterns

Healthcare accessibility presents significant geographical challenges with 71.8% of residents having healthcare facilities within 5 kilometers, while 28.2% must travel longer distances for basic medical services. Specifically, 51.3% access healthcare within 1-5 kilometers, 20.5% within 5-10

kilometers, and 7.7% must travel more than 10 kilometers. This distance barrier significantly impacts healthcare utilization, particularly for emergency services and regular check-ups.

Healthcare satisfaction levels reveal mixed experiences: 38.5% express satisfaction with available healthcare services, 46.2% report partial satisfaction, and 15.4% remain unsatisfied. This satisfaction pattern correlates with distance to facilities and availability of services, highlighting the need for improved healthcare infrastructure and service quality. Vaccination coverage reaches 64.1% of the population, indicating reasonable immunization penetration but suggesting room for improvement in preventive healthcare measures.

Disease awareness remains low with only 23.1% of respondents aware of diseases they might have, while 76.9% report no disease awareness. This low awareness could indicate either good health status or inadequate health screening and awareness programs, necessitating further investigation and targeted health education initiatives.

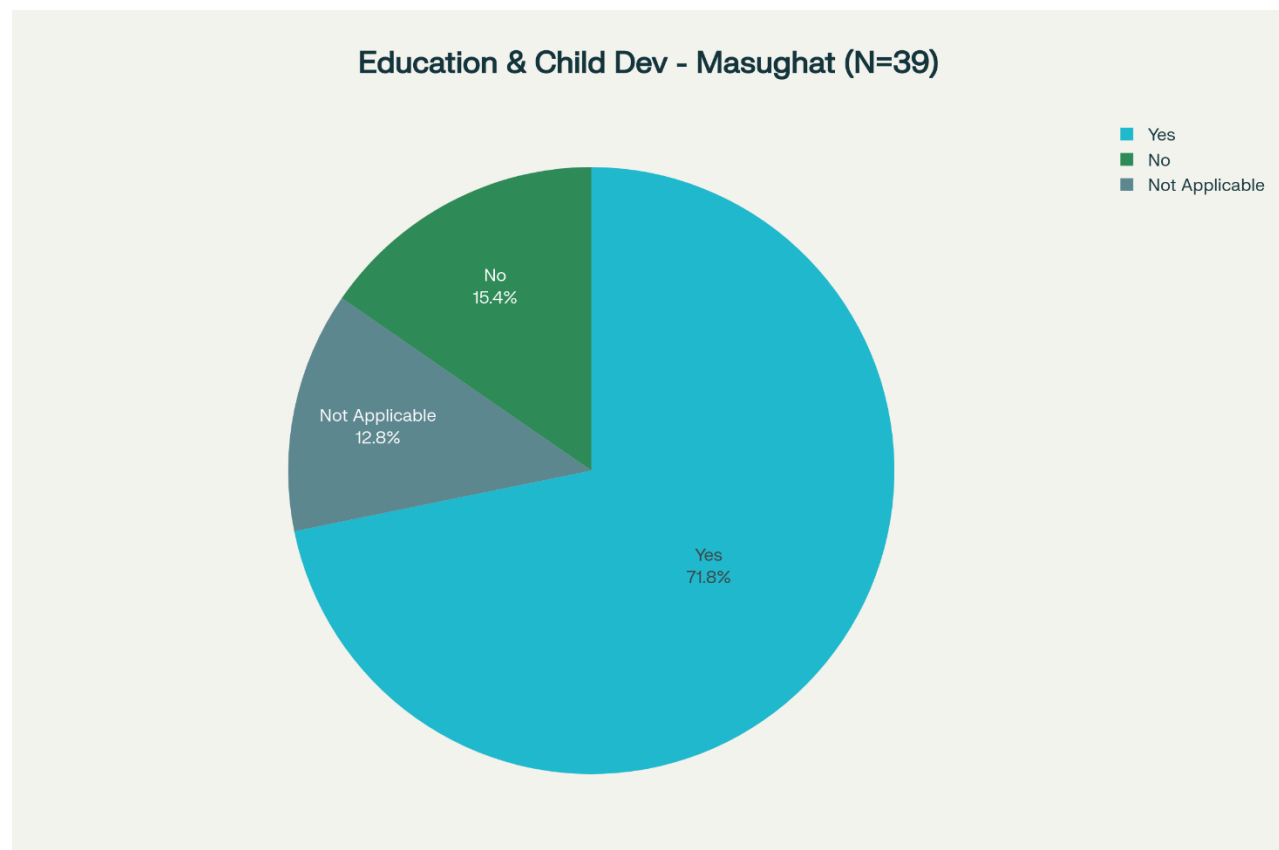

4. Education and Child Development

School enrollment patterns demonstrate encouraging progress with 82.4% of applicable children attending school, while 17.6% remain out of the educational system. This enrollment rate exceeds many rural averages in India, suggesting effective implementation of education policies and community awareness about educational importance. However, the 17.6% out-of-school rate

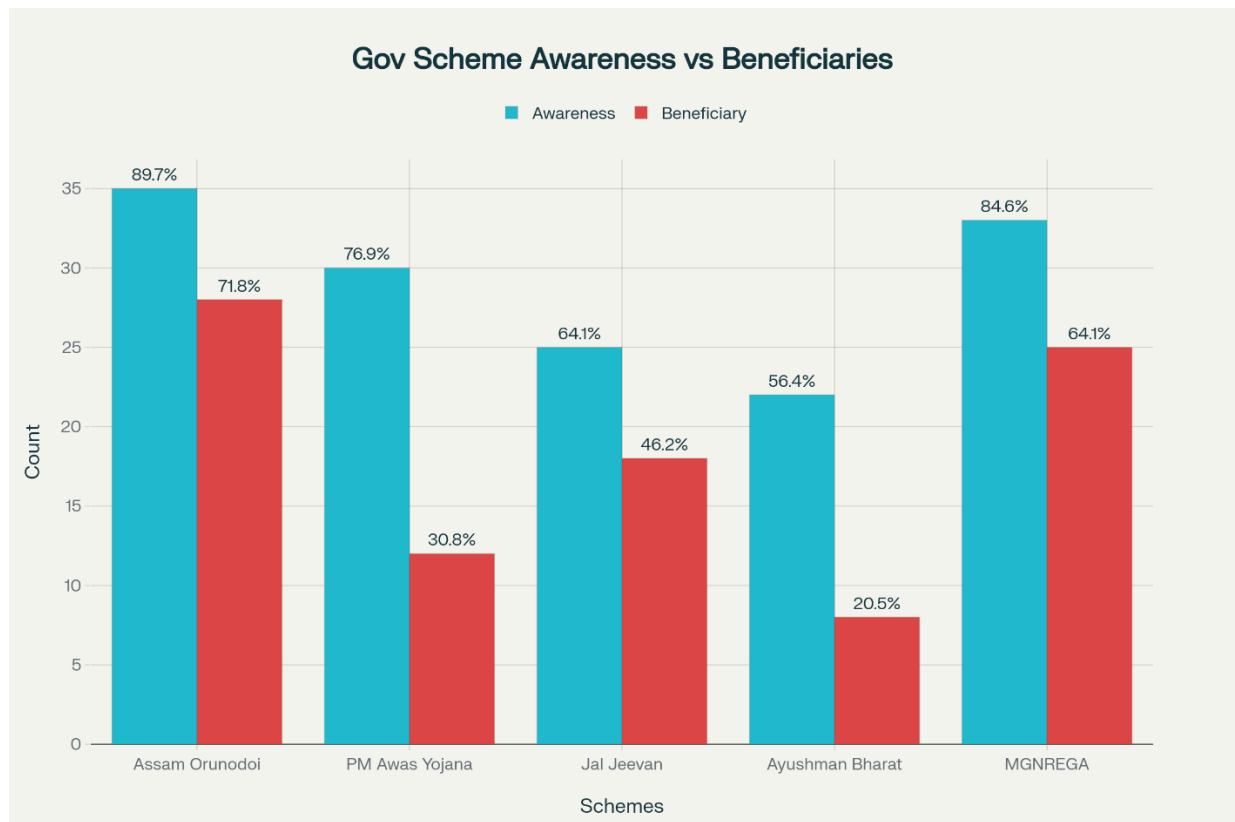

represents significant opportunity for intervention through targeted enrollment drives and addressing barriers to education access.

Educational satisfaction among parents shows 51.3% satisfaction with school education quality, 30.8% partial satisfaction, and 17.9% dissatisfaction. This satisfaction distribution indicates general appreciation for educational services while highlighting areas for quality improvement. The relatively high satisfaction rate reflects community investment in education and suggests receptiveness to educational development initiatives.

5. Government Scheme Awareness and Implementation Analysis

The survey evaluated government scheme penetration by measuring awareness levels and actual beneficiary participation across major welfare programs including Assam Orunodoi, PM Awas Yojana, Jal Jeevan Mission, Ayushman Bharat, and MGNREGA. Identifying development gaps between policy intentions and ground-level implementation formed another crucial objective, particularly focusing on the disparities between scheme awareness and actual benefit receipt. The data reveals significant variations in government scheme awareness across different programs. Assam Orunodoi Scheme demonstrates highest awareness at 89.7% (35 out of 39 respondents) with substantial beneficiary participation at 71.8% (28 beneficiaries). This high penetration reflects the scheme's targeted focus on women beneficiaries and effective state-level implementation through direct benefit transfer mechanisms

Conclusion

The NSS survey in Masughat village demonstrates the critical importance of systematic community assessment in understanding rural development dynamics and identifying intervention priorities. Student volunteer exposure to rural realities fulfills NSS's core educational objective of developing social consciousness and civic responsibility among youth. This direct community engagement creates future development leaders who understand grassroots challenges and can contribute to policy formulation and implementation throughout their careers. The survey process itself serves as community mobilization, raising awareness about available government schemes and encouraging greater participation in development programs.

The findings reveal a community with substantial development progress in basic infrastructure while facing persistent challenges in healthcare access and government scheme implementation effectiveness. The significant gaps between scheme awareness and beneficiary participation indicate systemic implementation challenges that require coordinated interventions involving government agencies, civil society organizations, and community leaders.

Future NSS camps should prioritize healthcare access improvement through mobile health clinics, telemedicine initiatives, and community health worker training programs to address the 28% of residents facing distance barriers to healthcare services. Government scheme awareness campaigns focusing on Ayushman Bharat and PM Awas Yojana implementation gaps could significantly improve benefit delivery to eligible populations.

Day 5: Water Quality Assessment at Masughat – Collecting and testing drinking water sources to ensure safe and sustainable access for the community.

On day five of the camp, NSS volunteers conducted a critical drinking water collection and water quality assessment initiative in Masughat village, demonstrating exemplary community service through scientific water sampling and laboratory testing. This initiative represents a paradigm of how student-led community service can generate vital public health data while simultaneously providing invaluable learning experiences for volunteers.

NSS volunteers executed a comprehensive sampling strategy covering five distinct water sources representative of the village's diverse water supply infrastructure: Ring Well, River, Pond Water, Tap Water, and Hand Pump.

The collected samples were analysed in **Sub-Divisional Level Laboratory, PHED, Silchar Division-II, Assam University Campus**. Each sample underwent comprehensive analysis for 17 different parameters including pH levels, Total Dissolved Solids (TDS), turbidity, iron content, chloride levels, total hardness, alkalinity, calcium, magnesium, fluoride, sulphate, arsenic, colour, odour, taste, residual chlorine, and bacterial contamination.

Analysis of Water testing report

The water quality analysis revealed that Tap water demonstrated the highest quality among tested sources with optimal pH (6.90), lowest turbidity (1.37 NTU), minimal iron content (0.16 mg/L), and acceptable dissolved solids (140 mg/L). River water also showed acceptable quality parameters with pH 6.54, moderate turbidity (2.25 NTU), and low iron content (0.37 mg/L), making it suitable for consumption after basic treatment. Traditional sources including Ring Well and Pond Water showed elevated turbidity levels above desirable limits but remained within permissible ranges for most parameters.

Turbidity emerged as a secondary concern across all sources, with levels ranging from 1.04 to 3.47 NTU, all exceeding the desirable limit of 1.0 NTU but remaining within the permissible limit of 5.0 NTU. Hand Pump water is critically contaminated with iron levels reaching 81.0 mg/L, representing 8,100% excess over the permissible limit of 1.0 mg/L.

The water testing results highlight the urgent need for proper filtration, particularly to address issues of turbidity and excessive iron contamination. While turbidity levels in most sources exceeded the desirable limit, they remained within the permissible range, indicating that simple household or community-level filtration systems could significantly improve water clarity and safety. However, the critically high iron concentration in hand pump water poses a severe health risk, making advanced treatment methods such as iron removal plants or deferrization units essential before consumption. Thus, effective filtration and treatment measures are vital to ensure safe, potable water and to safeguard the community from water-borne health hazards.

The NSS water quality testing initiative in Masughat village exemplifies exemplary community service that generates critical public health data while providing invaluable educational experiences for student volunteers.

Day 6: Cleanliness Drive for a Healthier Tomorrow – Mobilizing volunteers and community members to create cleaner and greener surroundings.

On the sixth day of the special NSS camp, the volunteers actively participated in a cleanliness drive organized along the riverside at Masughat. Equipped with cleaning tools, gloves, and bags, the volunteers enthusiastically engaged in removing plastic, litter, and other non-biodegradable waste that had accumulated along the riverbank. Their collective effort transformed the surroundings, making the area visibly cleaner and healthier for the community.

The activity encouraged the volunteers to adopt eco-friendly habits in their own lives and to raise awareness among others about the dangers of pollution. Moreover, it fostered team spirit, discipline, and social commitment among the youth. The experience reminded everyone that small actions, when carried out collectively, can bring about meaningful change in building a cleaner and greener future.

Day 7: Green Initiative through Plantation Drive – Planting trees to nurture the environment, combat climate change, and inspire ecological responsibility.

On the seventh day of the special NSS camp, the volunteers organized and carried out a plantation drive at the premises of Masughat Community Hall. With a strong sense of commitment towards environmental protection, the volunteers planted around seventy saplings of different species, carefully selected to suit the local climate and soil. Each sapling was planted with dedication, ensuring proper spacing and arrangement to promote healthy growth in the future. By engaging in this activity, the volunteers also spread awareness among the community about the importance of plantation and inspired others to join hands in preserving nature.

CONFERRAL OF NSS CERTIFICATES

A total of 28 volunteers from the NSS Unit of Cachar College have successfully completed the mandatory requirement of 240 hours of voluntary service, along with participation in a Special Camp during their two-year tenure as NSS volunteers. In recognition of their dedicated service and active involvement in community development initiatives, the volunteers were awarded the NSS Certificate on 6th July 2024. The NSS Unit proudly acknowledges and appreciates the unwavering commitment, discipline, and enthusiasm demonstrated by these volunteers throughout their journey. Their contribution stands as a testament to the core values of the NSS—service, leadership, and civic responsibility. The unit extends its heartfelt congratulations and best wishes for their future endeavours, confident that they will continue to serve society with the same passion and purpose in the years ahead.
